SPECIFICATIONS ON INVITATION FOR BID FOR: **VEHICLE RENTAL**

1.0 **INTENT:**

1.1 **Purpose**

The intent of this call for bids is to establish a contract to rent vehicles for the Maricopa County. The primary user of the contract is the County's Sheriff's Office. The approximate expenditure on this account is \$1,000,000 per year.

1.2 **Scope**

The Contractor shall make available to the County various makes and models of passenger vehicles, ½ ton and ¾ ton trucks with extended cab, full size sports utility vehicles; equipped with a minimum of an XLT packages or of equal level depending on the vehicle manufacturer. Due to the nature of the Sheriff's Office operations, some specialized equipment may be required (e.g. toolbox, spotlight, camper-shell). Vehicles must be made available to the County on an as needed basis.

1.3 **Multiple Awards**

In order to ensure adequate coverage of the requirements of various user departments, multiple awards may be made with a primary vendor to provide the entire fleet. A secondary or third vendor may be substituted in the event the primary vendor is unable to provide vehicles per the contract. The primary awarded vendor shall fulfill the contract within Ten (10) calendar days of award.

2.0 **TECHNICAL SPECIFICATIONS:**

- 2.1 The Contractor shall provide a variety of vehicle makes and models, body styles and colors. Undercover operations require dissimilar vehicles and the choice of non-identical vehicles as part of their overall fleet make up. Vehicles shall have no permanent markings/advertisement. Vehicles must be approved by the Sheriff's office prior to acceptance.

The actual number of vehicles rented at any given time may vary and Maricopa County does not guarantee these quantities. The approximate range of monthly requirement is between ninety (90) and one hundred thirty-five (135) total vehicles, with a varying mix of 40% passenger, 50% utility and 10% truck vehicle types.

Vendor lists defining primary inventory availability MUST be submitted with the bid.

- 2.2 All vehicles must be currently registered and licensed in the State of Arizona and must be operating lawfully. Out of state registration may be authorized for undercover operations at the direction of the Sheriff's Office.
- 2.3 The Contractor shall provide periodic maintenance inspections; routine maintenance, repairing and/or replacing parts, except those parts damaged by misuse, accident or negligence on the part of the operator. Repair site locations must be agreed upon by the sheriff's office. Repair sites submitted for approval will be located in the greater Phoenix area. Geographical deviations may be submitted for approval in meeting the special or intermediate needs of the Sheriff's Office.
- 2.4 Mileage for each vehicle is reported monthly on a pre-determined mutually agreed upon date. The Contractor shall provide when requested an alternate, similar vehicle during periods of maintenance and repairs that would restrict normal business activities.
- 2.5 For damage caused by misuse, accident or negligence of the Sheriff's operator, the vendor shall make necessary repairs utilizing recognized industry standards for determining costs. The Sheriff's Office shall have the right to appeal/appraise the damage and obtain an agreed upon price before repairs are made. Vendors shall provide a description of what constitutes wear and tear damage. The County shall have the option to have wear and tear damage repaired at the shop of its choice, and pay this repairing facility directly. For the purpose of repairs and liability of damage incurred to rental vehicles, Maricopa County is a self-insured entity.

- 2.6 In the event a vehicle is not functioning or wrecked, the Contractor will replace the vehicle within twenty-four (24) hours if the breakdown occurs between Monday - Friday 8:00 A.M. - 5:00 P.M. The Contractor shall replace the vehicle within forty-eight (48) hours if the vehicle breaks down at other times. For vehicles returned for maintenance, the contractor must provide an alternate vehicle when the vehicle to be worked upon is returned to the repair shop. The Contractor is responsible for towing/transporting vehicle to his service shop. The County shall be responsible for all towing outside Maricopa County to the closest authorized dealership. The contractors towing shall be available 24 hours a day, 7 days per week.
- 2.7 Prior to acceptance of the rental vehicle both the Contractor and the County must note on the acceptance form provided by the County any damage to the vehicle. Any damage to the rented vehicle from the date of the acceptance, except as noted, will be the responsibility of the County.
- 2.8 The Contractor shall issue all vehicles with a full tank of fuel and the County shall return all vehicles with a full tank of fuel except under the circumstances of a disabled vehicle or accident condition where accessibility to the gas tank is impaired or safety measures are a consideration.
- 2.9 Only Maricopa County employees shall drive the above referenced rented vehicles or those individuals legally authorized by the County to do so.
- 2.10 The average period of time per vehicle rental is one (1) year to (2) two years. If however a vehicle is inoperable for any reason the contractor shall provide a replacement within twenty-four (24) hours. Rental periods may vary and the County does not guarantee a specific period of time.
- 2.11 Due to the sensitive nature of the operation of the Maricopa County Sheriff's Office, particularly undercover and surveillance work, vehicles may have to be exchanged as required before the expiration of the rental period. This is done so as not to compromise the operations of the Sheriff's Office. This shall be accomplished without any fee or penalty to the County. Also, all inquiries reference this contract and the fleet in general shall be referred to the Sheriff's Office (Fleet Management).
- 2.12 Billing by the Contractor to the County will be required on a monthly basis. Each using department with a current vehicle rental must be billed separately. Billing will identify each vehicle by make, model, year, license plate and vendor identification number as a minimum. Each using department's vehicles will be listed and identified and representative of the current month's usage and billing.
- 2.13 The successful bidder shall provide a minimum of 3,000 free miles per month per vehicle
- 2.14 The Contractor shall make available to the County current model years and/or used vehicles, no more than three model years old, and mileage not to exceed 30,000. The sheriff's office will return those vehicles, which either exceed 3 years or 30,000 miles during the course of its usage. Rental/Bid prices shall reflect the difference in costs for the following class of rental vehicles; Full-Size, Premium Size, Luxury and Sport Utility Vehicle/Truck. Unit price plus applicable tax in accordance with the specifications referenced in this Bid Serial.
- 2.15 Contractor must have designated pick up and drop off points, conveniently located and mutually agreed upon by the sheriff's office.
- 2.16 No other terms and conditions will be considered for award of this bid. Any changes to the specification, clauses, pricing, etc, may result in the bid being determined non-responsive. Contractor agrees to reasonable mounting of communications equipment in some vehicles. The most often used procedure is to drill a hole in the front, passenger side firewall in routing the radio power cord to the engine compartment, which is then covered by existing carpeting. The radio itself is usually contained below the rear seat in most of these modified vehicles. Holes are then drilled in the floorboard to secure the radio. Any other cabling or mounting is then routed through existing channels or brackets and does not require any modifications. Upon disassembly the drilled holes are filled with the appropriate epoxy type material or inserts and then re-covered by the carpeting or seats. Prior to installation of any communications equipment, Sheriff's personnel will come to an agreement with the Contractor on the monetary amount of damage caused by this installation. The Contractor shall be reimbursed for such damages.
